

April 28, 2010

Dear Valued Suppliers & Customers:

On April 28, 2010, Charkit Chemical Corporation will complete the acquisition of the assets of International Sourcing Inc (ISI). We are beginning the final stages of this acquisition, and we expect that our planning and communication will ensure the integration of the ISI business into Charkit's is as seamless as possible.

The most noticeable changes to our new customers and suppliers will be the differences in the look of some documents, as well as address and contact changes. In an effort to make it easy for you to see this information, we have created a web page at www.charkit.com/ISI_Business_Info.html which will provide copies of key documents as well as other important information including:

- Charkit Invoices and Purchase Orders
- Terms and Conditions of Sale
- Payment Instructions
- Company contact information by department

The other big change will be in the personnel you work with. Some of the Charkit personnel will be new to you, but rest assured that Customer Service has been a driving force in Charkit's success over the last 28 years. We are also happy to announce that Jun Amurao and Linda Harth of ISI are joining the Charkit team and will be available to further assist in this transition.

Please share the enclosed information with appropriate personnel within your organization. Should you have questions about how these changes might affect your business, please contact one of the Charkit employees listed on the contact list that is posted at the link shown above, or call us at 203-299-3220.

Sincerely,

Jay Lang

Vice President of Sales
Charkit Chemical Corporation
